

PROGRESSIVE CLUB OF STINSON BEACH
Marin County - California

1943

To Residents and Property Owners of Stinson Beach

Dear Friends:

The Progressive Club of Stinson Beach is again calling to your attention the need of your continued support of its activities. Although these activities have been curtailed greatly due to the war, those which are carried on are of prime importance to all of you.

Transportation, road repairs, garbage disposal, water safety, and continued maintenance of the County Park are items being continually worked upon.

For reasons of economy and transportation difficulties, the meetings have been changed from once a month to quarterly, with the proviso that the President or any member can call for a meeting to be held on the next regular meeting date.

Your membership dues for 1943 are urgently needed to carry on the activities of the Club. You can feel assured that any funds collected will be spent to the fullest advantage of the entire community.

Please forward your dues of \$1.50 to our Secretary, Mrs. W. Woodington, Stinson Beach, California.

Thanking you in advance for your continued support,

William Airey, President
